

# Electrical Measurement **Gale** for Power Utilities

2009 - ISSUE 1

## Phase Rotation Meter from

**KYORITSU**

**FEATURING:**

- CAT.III - 600V CSA Approved
- Fused Test Leads
- Frequency: 50 / 60Hz
- 3 Phase Power Source Check: from 100V to 600V
- Lightweight, Easy to use
- Carrying Case and Manual included

**8031FXC..... \$ 308.99**

## SensorLink<sup>®</sup> AmpstikPlus Promotion

- Slips on and off the conductor with  $\pm 1\%$  accuracy
- Sample and hold four unique measurements
- Open CT that rejects stray magnetic fields
- No moving parts
- Single button operation
- Flame resistant housing

**Ampstik<sup>®</sup> Plus** High Voltage Ammeter (stores four readings)

**8-020XT Plus \$1,450.00**

## **REED**

### ST-MULTIKIT Multimeter and Clamp Meter Combo Kit

Includes:  
ST-9918, ST-9800, AC-9, AC-006, AD-1, TP-01, C-833R

**ST-MultiKit ... \$ 239.95**

## **AEMC<sup>®</sup>** INSTRUMENTS

### Three-Phase Power Quality Analyzer

Display and record waveforms, transients, trend data & events

The PowerPad<sup>®</sup> includes; 240A current probes, voltage leads, serial cable, battery, power cord, DataView<sup>®</sup> software, carrying bag, pouch, and user's manual.

**3945-B w/MN93 \$3,794.95**

## **MARTEL** DMM w/RS232

- ACV/DCV, ACA/DCA, Ohms, Hertz/VA-Hz, Capacitance, RPM, Temperature, Low Current Diode Test, Continuity
- 3-3/4 digit display/high speed bargraph
- Auto power off
- Low battery indicator
- REL/MAX/MIN functions
- 1 ms PEAK (Max-Min) function
- RS232 interface
- LED Backlight
- IEC 1010 1,000 V CAT III
- Includes battery, instruction

**C-120..... \$ 195.00**

## **MTECH** Power Transducers (formerly known as Hathaway)

**Regular Price 20% Off**

## **PDM** INSTRUMENTS Electronic Power Loads

Test power sources such as batteries, power supplies, generators, chargers, fuel cells etc.

- Best Value \$/W
- 1KW and up
- 60 to 600 VDC
- Up to 2,000A
- Constant E, I, P, I/E
- Air Cooled
- USB or GPIB Control
- Opt. Local Control

**MEL Series..... CALL**

## **Ranger** Power Quality

### Meter Socket Logger

- Five Input Monitor - Three Voltage (L1-N, L2-N, & L1-L2) and Two Current Inputs
- Single Cycle Adaptive Store
- New IEEE 1453 Flicker Compliant Instantaneous and Short & Long Term
- Auto Start - Install and Walk Away
- Complete with Pronto for Windows analysis Software

**PM2000F includes FREE AEMC SC-1 Voltage Tester**
