

Accessories

Carrying Cases

Padded Nylon "Grab N Go" made of tough durable nylon enables VOM to be stored for quick field use ...test leads remain in panel jacks. Thick padding protects your meter investment. Available in yellow (00832) and black (00834) for 260 series or similar size meters; brown (00836) for smaller models.

Molded Plastic cases have die cut foam inserts to protect meters and accessories. Ideal for labs or tool cribs. High density plastic case resists scratches and scars.
